

## Example 6 – Figure with Caption

```
\section{Figure with Caption}  
\label{secFig}
```

This section only contains a figure.

```
\begin{figure}[!ht]  
  % Requires \usepackage{graphicx}  
  \centering  
  \label{figExample}  
  
  \includegraphics[width=0.85\textwidth]{fig1  
  .pdf}\\\\  
  
  \caption{Caption of this very figure.}  
\end{figure}
```
